

Affidavit of Mark Jaworski

EPA Region 5 Records Ctr.

279372

On June 29, 2007 at 12:30 pm, I called Mr. Robert Homan, owner of Homan Lumber. Mr. Homan stated that the front office building is hooked to municipal water. However, there are two buildings behind the front office building plumb into a private well. Mr. Homan stated that 25 to 30 employees still utilize the private well for drinking water.
